

WARRANTY

The Herman Miller Warranty is their promise to stand behind the quality of their products. It recognizes the need for products that can stand up to continuous use. With limited exceptions, their products are covered by a 12-year warranty that includes parts and labour.

“

Your office should tell the story of who you are, and be a collection of what you love.”

LEGACY

Herman Miller is a brand that places great importance on design, the environment, community, and the health and well-being of their customers through innovative and iconic products.

Herman Miller believes big ideas start with a body in comfort, and here at Monk Office we could not agree more!

If any of the featured Herman Miller designs in this brochure are of interest to you, we encourage you to visit the [Herman Miller product configurator*](https://www.hermanmiller.com/products/product-configurators/) where you can view the various colours, finishes and sizes for their chairs.

* <https://www.hermanmiller.com/products/product-configurators/>

Everything in this booklet is stocked in popular configurations and basic colours. Additional options are available by special order. Talk to your sales rep, or email us at hello@monk.ca. Let's get you seated!

AERON

Combining a deep knowledge of human-centered design with cutting-edge technology, Aeron is Herman Miller's most admired and recognized office chair. With over 7 million sold, it still sets the benchmark for ergonomic comfort more than 20 years after its debut. Its innovative design and support for a range of postures, activities, and body types, has made and kept Aeron an icon for modern office furniture design.

FEATURES

- Adjustable support for multiple regions of the lower back.
- Breathable Pellicle helps you stay cool.
- Available in three sizes—small (A), medium (B), or large (C).
- Harmonic Tilt supports the way you naturally move, for a smooth and balanced recline.
- **Cradle to Cradle Certified™ Silver Level Certified and up to 91% comprised of recyclable materials.**
- 12-year warranty.

EMBODY

Designed with the input of more than 30 physicians and PhDs in biomechanics, vision, physical therapy, and ergonomics, Embody is an office chair for those who take sitting seriously. Herman Miller's research even proves that it increases blood circulation to improve oxygen flow and lower your heart rate.

FEATURES

- Backfit adjustment to fine-tune the chair to your spine.
- Narrow tapered design of the back allows for freer movement.
- Pixelated Support conforms to your micromovements and eliminates pressure buildup.
- Four breathable layers in the seat for cushioned comfort and enhanced airflow.
- A smooth tilt mimics your natural pivot points for better balance and comfort.
- Unique kicker feature provides a deeper recline.
- Customizable design with range of options for frame, base, and upholstery.
- **Made of at least 44% recycled materials and is up to 95% recyclable.**
- 12-year warranty.

COSM

Named one of the 100 Best Inventions by Time magazine, the Cosm office chair's sophisticated design instantly responds to your body, movement, and posture for easy, knob-free comfort. A single lever adjusts its height. And Cosm's Auto-Harmonic Tilt, Intercept suspension, and flexible framework together to give users a feeling of blissful weightlessness.

MIRRA 2

Life calls for jumping from task to task, focus to focus—and this office chair is agile enough for them all. Lean, light, and responsive, Mirra 2's support starts with a flexible design that allows your body to move freely and naturally.

FEATURES

- Automatic adjustment provides support and comfort the moment you sit.
- Ideal for sharing with a responsive fit that provides comfort for a range of bodies.
- Three customized forms of low-, mid-, and high-back, designed to deliver targeted support wherever it is needed most.
- The durable material on its back and seat is breathable and temperature-neutral for all.
- Comes in a range of colours in a top-to-bottom "dipped-in-colour" design.
- **Cradle to Cradle Certified™ Silver Level and comprising of up to 34% recycled materials and 94% recyclable.**
- 12-year warranty.

FEATURES

- Designed for freedom and movement, Mirra 2 is for people whose work style doesn't leave much room for sitting still.
- Move freely with technology that allows you to stretch, reach, or recline smoothly.
- Intuitive adjustments and two different backs allow you to fine-tune the fit.
- Ample options for textiles, back loop and spine colours, and base finish.
- **Made of up to 53% recycled materials, Mirra 2 is up to 92% recyclable.**
- 12-year warranty.

SAYL

Designed with a nod to suspension bridges—and inspired by the Golden Gate Bridge—Sayl combines high style, responsive support, and pioneering environmental responsibility. Showcasing the geometry of its inspiration in its signature airy back, the Sayl Chair is everything a good office chair should be; comfortable, visually striking, and an exceptional value.

Stocked in popular configurations and basic colours, more options available by special order

FEATURES

- Unframed 3D Intelligent back provides greater tension where support is needed and freedom of movement elsewhere.
- Contoured seat pad, made of injection molding and foam, provides lasting comfort.
- Ventilated back keeps you cool with exceptional airflow.
- Harmonic Tilt offers balanced movement and support at every angle.
- Expressive colour palette for the upholstery, base, frame, and seat.
- **Materials are up to 94% recyclable and contain no PVCs.**
- 12-year warranty.

LINO

With its organic shape, breathable comfort, and accessible price point, the Lino office chair packs a fresh perspective. Lino's minimalist design is surprisingly full of ergonomic engineering, putting it squarely at the nexus of comfort and value.

Stocked in popular configurations and basic colours, more options available by special order

FEATURES

- Standard height range.
- Duo mesh back suspension.
- Upholstered foam seat cushion.
- Fixed seat depth.
- **Materials are up to 94% recyclable and comprising of up to 16% recycled materials**
- 12-year warranty.

THE OBUSFORME ELITE

by Global

The Elite offers several adjustment options to ensure a custom fit. An adjustable infinite tilt lock creates a range of reclining options to account for a variety of sitting positions throughout the day. As well, it comes fully upholstered with a cushioned back rest for maximum comfort.

FEATURES

- The backrest continuously supports the natural lazy “S” curve of your spine.
- New elastomeric back suspension system for even and gentle back support.
- Multi-Tilters are standard with sliding seat depth (MD).
- Standard with height and width adjustable arms (G3) with “sliding armcaps” that articulate inwards 30 degrees.
- Standard with a five legged, injection molded reinforced nylon black base.
- Schukra™ adjustable lumbar support

IBEX

by Offices to Go

The Ibex Multi-Tilt chair features many adjustable parts, making it a great chair for multiple short-term users. The back angle and lumbar heigh adjustments offers a custom fit, and the pneumatic lift allows users of different sizes to be comfortable and well supported.

FEATURES

- Synchro-tilt mechanism
- Air-flow mesh seat and back
- Multi position tilt-lock & tilt-tension adjustment
- Lumbar support with height adjustment
- Height adjustable arms

ECHO

by Heartwood

The Eco Multi-Tilt chair features infinite position tilt lock and adjustable armrests with seat depth adjustment. Air-flow mesh back allows for greater circulation including lumbar support with pneumatic seat height adjustment.

ULTRA

by Offices to Go

The Ultra features modern pleated back and seat design with chrome base and arms. It includes a locking tilt mechanism, seat height adjustment, and finishes with Luxhide bonded leather. It is great for short term use and in boardrooms.
