

Is Your Company's Data Secure?

GBC® shredders help safeguard your company's sensitive data so you can focus on other priorities.

In today's environment, where we are looking to decrease all unnecessary physical contact, on-demand and in-house shredding will help keep you and your confidential data protected.

GBC® shredders provide instant security validation and on-site peace of mind.

GBC® Stack-and-Shred™ Shredders

GBC® Stack-and-Shred™ shredders features patented technology and features that save you valuable time and make shredding a breeze. Choose the right model from our wide-ranging line up to meet your shredding needs.

Auto Feed Chamber
Feeds stacked documents up to and including legal size. Automatic rollers feed stacks smoothly through blades.

Staple and Paper Clip Compatible
Patented design reliably handles documents fastened with staples and paper clips, even in the auto feed chamber.

Pin-Lock Security
A four digit custom PIN code ensures that only the original user can retrieve unshredded documents.

Ultimate Jam Protection
Intelligent™ Auto+ Jam Clearance technology responds automatically to auto feed jams.

Shredding Services

VS

GBC® On-Site Shredding

HIGH COST

They create ongoing expenses and additional fees as it is a labour intensive process.

LOWER SECURITY

Confidential information leaves your premises, sometimes un-shredded!

LARGE CARBON FOOTPRINT/INCONVENIENT

Heavy, fuel-hungry trucks are always coming and going. In addition, employees invest their time monitoring the service provider.

MOST COST EFFECTIVE

With GBC® Stack-and-Shred™ Auto Feed shredders, up to 65% less cost than using a shredding service and up to 90% less cost than using a manual feed shredder.

LEAST TIME

GBC® Stack-and-Shred™ Auto Feed shredders take up to 98% less time to operate than a traditional shredder, which can equate up to 9 hours per person each year.

HIGHEST SECURITY

Delivers instant peace of mind knowing that your confidential information is fully shredded.

MINIMAL SUPERVISION

Skip the hassle of monitoring strangers on-site and trucks blocking roads and entrances.

ECO-CONSCIOUS

Shredded paper can be safely added to your office recycling. Energy saving features help reduce your impact on the environment.

GBC® Shredders - The Safe Right Choice

GBC® offers a wide range of shredders to meet every business need, from strip cut to micro cut, from 5 sheets to 750 sheets. Starting with our personal ShredMaster™ line up, or our large and powerful departmental shredders, to our flagship Auto Feed Stack-and-Shred™ models, we have the tools to help safeguard your company's important data from falling into the wrong hands. Whether you are working from the office, home or your home office, choose the right model and give yourself peace of mind, knowing that critical information is disposed of securely on-site with GBC® shredders.

Contact your local office products sales representative to learn how to keep data secure and make the right choice with GBC® Shredders.
