DON'T UNDERESTIMATE THE POWER OF A GREAT OFFICE COFFEE

Coffee—caffeinated goodness that can make or break an employee's day. And, great coffee is a valuable office perk that shows you care about your staff's well-being.

That's why we're proud to offer revolutionary brewing technologies along with an incredibly wide variety of K-Cup® blends and brands to please discerning palates.

Furthermore, we've also introduced K-Cycle™, a simple, commercial program aimed at helping companies consolidate pods for easy recycling.

At Keurig®, we create the ultimate beverage experience in every life we touch from source to cup.

K-Cycle™

K-Cup® Pod Commercial Recycling Program

See pages 5 to 8 for complete details.

How to Prevent Cross-Contamination

Colour coding allows you to designate one towel type for each area of your business, avoiding the potential hazard of cleaning different types of surfaces (restroom vs. dining room) with the same towel.

Colour-coded towels improve efficiency, lower costs, and help ensure the cleanest possible environment.

GARBAGE BAG SELECTOR GUIDE

Bag Strength

- The thicker the bag, the more it can hold
- Choose from Regular, Strong, Extra Strong or Super Strong

Bag Size

- Width = 1/2 of the container's circumference
- Length = Container Height + 1/2 circumference (diagonal for square or rectangular) of bottom of container + 3″ for overhang

Bag Type

2600/2900 Series

- Excellent stretch and tear/puncture-resistance
- For heavy, sharp or jagged waste

2800 Series

- Limited stretch and tear-resistance
- For wet, bulky waste

Bag Colour*

- Opaque - hides waste
- Blue - recycling
- Clear - recycling or compost

*Municipal/Provincial standards may apply

HP closed-loop recycling

When you choose Original HP Cartridges and recycle through HP Planet Partners, you become part of a more circular, sustainable system—where materials are added and reused to make new products, and no cartridges end up in a landfill.

PLACE TAB HERE

CIRCULAR ECONOMY VS LINEAR ECONOMY

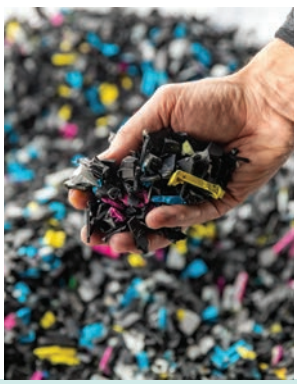

1 Non-HP cartridges

2 Over 2/3 of non-HP toner cartridges tested had a quality problem[3]

3 99% of imitation cartridges get thrown away because there is no effort on the part of imitation cartridge manufacturers to collect and recycle their cartridges[4]

BRINGING USED PRODUCTS BACK TO LIFE

In HP's closed-loop process, almost every part of the toner cartridge is either recycled or reused; nothing goes to a landfill. HP combines cartridges returned through HP Planet Partners with other plastics, such as reclaimed ocean-bound plastic bottles, to make new Original HP Print Cartridges and other everyday products. Program availability varies. See hp.com/hprecycle.

END UP IN A LANDFILL

Nearly 90% of remanufactured cartridges sold will ultimately end up in a landfill because remanufacturers prefer to work with cartridges that have never been remanufactured before.

Save money and the environment.

The Basics Brand Difference

Gives you environmentally

Made In North America

Quality

Meets or exceeds national brand performance backed by a 100% satisfaction guarantee.

Savings

Same quality, performance and page yield as national brand cartridges at a fraction of the cost.

Eco-Friendly

Reduce landfill waste and conserve non-renewable natural resources.

See pages 153 to 156 for complete details.

POWER YOUR PROFITABILITY

TURN BATTERIES FROM A COST CENTRE INTO A COST SAVER

By conducting intensive device testing and analysis in our labs, Procell has discovered that a way to dramatically extend alkaline battery life and cut replacement costs is to engineer device-specific industrial alkaline batteries, each with unique power profiles.

THE WORLD'S FIRST DUAL PORTFOLIO OF PROFESSIONAL BATTERIES

PROCELL INTENSE POWER

- **Specifically engineered to deliver precise pulses of energy while lasting longer in high-drain professional devices***

PROCELL GENERAL PURPOSE

- **Completely redesigned for longer lasting*, consistent performance**

By selecting the right battery to match the power needs of your commercial device, you can make all your batteries last longer*, so you replace them less often.

PROCELL®
PROFESSIONAL BATTERIES

*vs. prior Procell AA, AAA, C, and D

See page 183 for complete details.

Dramatically extend alkaline battery life and cut replacement costs.

WHAT KIND OF CARD DO YOU NEED?

If you're working with larger devices, such as point-and-shoot, DSLR cameras or laptops, SD cards are the most popular. microSD cards are often used with smartphones, tablets and action cameras and can also be used in larger devices with an adaptor.

TYPE	FORMAT LOGO	CAPACITY	HOST PRODUCT COMPATIBILITY: SDHC	HOST PRODUCT COMPATIBILITY: SDXC

GBC AutoFeed+ SHREDDERS

Don't spend time standing by the shredder.

AutoFeed+ lets you place stacks of paper into the feeder tray, close the lid, and walk away. Your papers will shred automatically while you focus on other tasks. Models range from 60 to 750 sheets and offer either super cross-cut (P4) or micro-cut (P-5) Level Security. **Save time. Secure. Uninterrupted shredding.**

Time Savings is Automatic.

Binder Guide

Choose **The Right Ring Style**

ROUND RING is most common. Standard capacity. Ring is usually mounted to the spine.

D-RING holds up to 25% more than round ring. Ring is mounted to the back cover so pages lie flat.

LOCKING D-RING provides the same capacity as D-RING. Pages stay securely locked in ring.

GAPLESS RING has no gaps. Pages flow smoothly and rings will not open if binder is dropped.

Bringing colour together.

Colours and ideas are brighter together. This year, we worked with the Pantone Color Institute to refresh the Post-it® Notes you love. And now, with even more colours to choose from, your ideas can be brighter than ever.

STAEDTLER®

Head of ideas.

100%
Certified wood

A history of pencil making

STAEDTLER was founded in 1835 and is the largest European manufacturer of wood-cased pencils

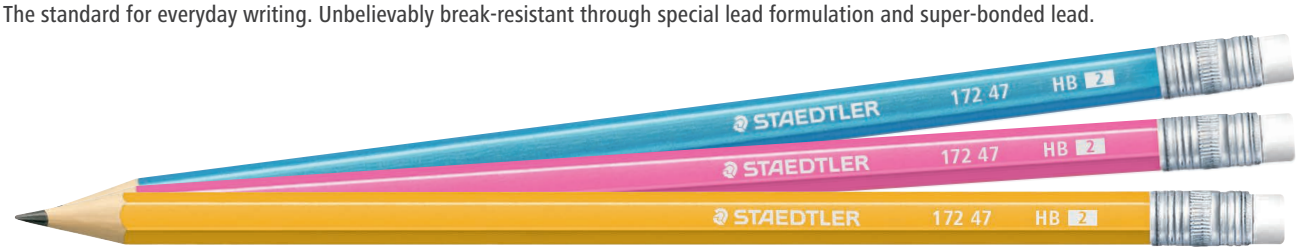

E. Peukert, Nuremberg Castle

Mars® Lumograph® - The Sketch Pencil
Special lead formulation for results with a metallic lustre in a wide variety of grey tones that artists love.

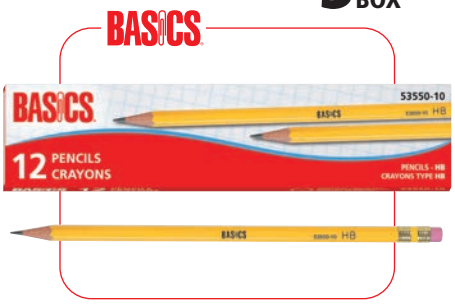

Norica - The Premium Pencil
The standard for everyday writing. Unbelievably break-resistant through special lead formulation and super-bonded lead.

The Entry Level Pencil
Innovative material is easy to sharpen - a value priced quality pencil in standard yellow, metallic and neon barrel colours.

See page 483 for complete details.

The *right* kind of paper is just as important as a *good idea*

Creating art starts with just a piece of paper and something to draw or paint with.
And your imagination, of course.

Hilroy Studio® Sketch Book

A smooth finish for complete erasing. Acid-free paper helps preserve your sketches.

Hilroy Studio Pro® Watercolour Book

Thicker, denser paper to keep watercolours from soaking in. Excellent for blending.

Canson Mixed Media Book

A rougher surface, its heavy weight and toothiness allows for a blend of dry and wet mediums.

7.49 EA.

Modern Style Packaging with Exceptional Protection

Ultimate strength to protect the contents during shipping. This is a great alternative to a corrugated box. The heavy-duty gum allows for a secure closure that will not open during shipment. Plus, the convenient tear string opening makes for a positive product opening experience for the consumer. The material is recyclable making this the right choice for the environment.

This slick modern design provides protection for contents that require 2-inch capacity.

64078-00

64079-00

Heavy Duty Protective Mailers

Extremely durable packaging solution and a great alternative to bubble mailers and poly bags. The product has peel and seal closure with a convenient tear-string opening for easy access to the package contents. This mailer has a rigid construction that aids in protection.

This environmentally friendly product works great when the product contents require up to 2-inch capacity.

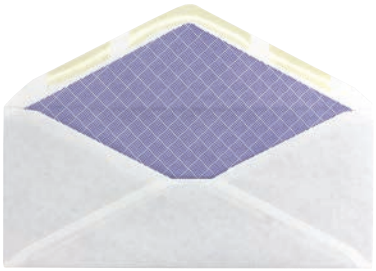

Edge Damage Protective Flat Board Mailers

Features peel & seal closure with the tear string opening. This rigid product line is excellent for documents that require edge damage protection.

64077-00

See page 96 for complete details.

WHICH GLASS BOARD IS RIGHT FOR YOU?

What to consider when choosing a glass board: size, shape, type of surface, frame style, and price points.

INFINITY™ GLASS

A standard style glass board that mounts on your wall vertically or horizontally

YOU CHOOSE:
- The glass colour: magnetic white, magnetic black or frosted
- Customizable, or not customizable
- Sizes from 18" x 24" to 48" x 72"

IDEAL FOR:
- Office, education, healthcare settings, or at home use and private offices.

BRILLIANCE GLASS

A high-contrast, bright white magnetic glass board that may be vertically or horizontally mounted

YOU CHOOSE:
- The size: from 24" x 18" to 96" x 48"
- Also available in an exclusive 48" x 48" square size

IDEAL FOR:
- Office or at home use
- Anyone who wants a vivid white surface

INVISAMOUNT™ GLASS

Created for long-term heavy use, this wide-format magnetic glass board has invisible mounting hardware giving you an uninterrupted surface from edge to edge. It appears to float on your wall

YOU CHOOSE:
- The glass colour: black or white
- The size: from 39" x 22" up to 85" x 48"

IDEAL FOR:
- Executive office and conference rooms
- Healthcare settings due to edge-to-edge surface and no standoffs
- Anyone whose aesthetic is sleek and modern

All Quartet Glass Boards have this in common:

Durable, tempered, non-absorbent glass surfaces that won't stain or ghost and resists scratches and dents

So…Which Board is Right for You?

Armed with more information, you can choose the glass surface which is right for your needs.

deflecto®

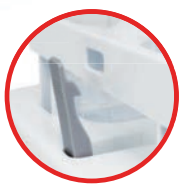

On the wall, or on the go.

The Stackable Caddy Organizer System

Includes everything you need to build a portable, customized storage solution.

- **Stackable Caddy Organizers** let you stack lots of supplies in a small vertical space.
- **Lift and Lock Levers** connect multiple units together, to make moving supplies easy and convenient.
- Add the **Caddy Wheel Base** and you're ready to roll your supplies wherever you need them.
- Individual Caddy Containers are removable, and can be hung on the **Wall Mounting Bar** to keep supplies close, while keeping your work surface clutter-free.

Elora

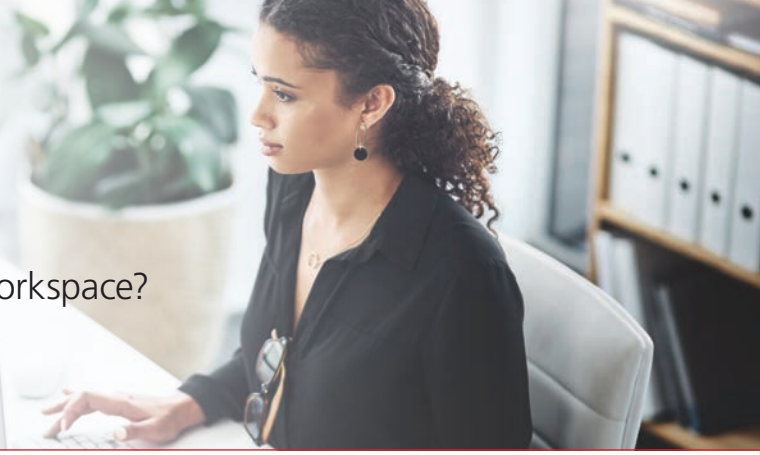

Simple in design and uniquely styled, the Basics® Elora™ Multi-Tilter chair takes comfort to the next level. With adjustability features such as seat, back and height adjustment, and a knitted mesh back to increase air flow, the Elora chair is suitable for most any body type.

PLACE TAB HERE

See pages 594, 595, 599, 605, 611, 613 for complete details.

Office Chair
Buying Guide

Not sure which chair is right for you and your workspace?
Let us help you find **the perfect chair!**

Multi-Tilter

The most ergonomic choice. Seat and back can be adjusted independently. Tilt tension and height adjustment come standard. Typically comes with many more adjustable features.

Page 598 to 611

Synchro-Tilter

Like the Multi, but with fewer paddle adjusters. Seat and back synchronize at a 2:1 ratio. If the back reclines 30˚, the seat tilts upward 15˚ to reduce thigh stress.

Page 612 to 613

Intensive Use/Big&Tall

These chairs are created for heavy-duty use. They are perfect for areas in shift rotation or for extended use. Reinforced for added strength, these chairs are warrantied for users up to 350 lbs.

Page 603

Mesh

These chairs are available with the same ergonomic options as other chairs, but instead of fabric or leather, they have a mesh back, which allows air to circulate.

Page 594 to 613

Manager/Boardroom

These chairs are ideal for multi-taskers and those who aren't seated for long periods. With height adjustment and tilt tension control, most pivot from the centre of the seat pan for ease of movement.

Page 606 to 615

Task

Non-tilting chairs ideal for short-duration workstations. Perfect for the home office, warehouse or other areas where the user sits for a short period of time. They typically come with seat and back height adjustment.

Page 615

What to look for in an ergonomic chair

Finding the right chair for your body is important for your **long-term health** and **everyday productivity**

Recline-Ability

Reclining chairs reduce pressure on your spine and posterior and provide freedom of movement.

Features to look for:

- *Back angle adjustment*
- *Tilt-lock control*
- *Infinitely adjustable seat angle*

Back Support

Your lower back should fit comfortably against the chair's lumbar support. Your whole back should move easily, improving circulation and allowing oxygen to flow.

Features to look for:

- *Back height adjustment*
- *Adjustable lumbar support*
- *Neck rest*

Seat Depth

If your seat depth is too long, your body will lose the benefit of lumbar support. Too shallow and your thighs will not be supported.

Features to look for:

- *Seat depth adjustment*
- *Seat angle adjustment*

Adjustable Arms

Your arms should rest comfortably on the armrests and be parallel to the floor to prevent hunched shoulders.

Features to look for:

- *Height adjustable*
- *Width adjustable*
- *Depth adjustable*
- *Articulating arm caps*

Chair Height

Your feet should be flat on the floor and thighs parallel to the ground. The height and angle of the seat help you find the perfect position.

Features to look for:

- *Seat height adjustment*
- *Seat angle adjustment*

Popcorn™ Seating

Designed by Zooey Chu, is ideal for conference areas, cafeterias, classrooms and healthcare spaces or wherever multi-purpose stack applications are required. Flexible backrest and supporting curves ensure comfort even when seated for extended periods.

Duet Seating

Cafeteria seating takes a lot of use and abuse over time. Duet seating in ten great colours can provide a quick and contemporary facelift that can with stand the wear and tear of the most demanding environments.
